EDITOR:- SIMON TOWLER, 75, POPLAR GROVE, BRADFORD, BD7 4LL.

FEB/MARCH 2000

Sorry about the unusual format of this issue but I have had to create what I can at work rather than at home, due to a major crash on my PC. My apologies to Rod & Pete if the info about Rods race, followed by the social do is late but I hope you are reading this sometime before 25th March. SODS LAW prevails as the whole issue was ready to print when my machine locked up, and as yet I still haven't been able to get back into it !! Please forgive the ad-hoc way things are stuck together & hopefully the next issue will be back to normal !!

Subject: souper Runs

Hi simon, herewith brief synopsis of the four runs, charlottes write up is attached
2nd souper run held from jess and helens.

A run more memorable for it's quiseness than the run [for me at least]. Helen, charlotte, jess, jon, tony, stewart, pete and a few next door neighbours, left the house on what seemed like a decent morning. things changed very quickly however as we climbed through the field paths and onto ilkley moor. It soon started to rain [horizontally] and by the time we arrived at the twelve apostles I was beginning to ask myself "what am I doing here?". By the time we arrived at dick Hudson's we were all a bit damp but the thought of hot soup kept us moving along through some great field path systems. Just as I was feeling at my lowest ebb, jess exclaimed "its just over that hill on the horizon!!". By this time I was well nacked anyway so I just kept quiet. They all waited for me at the roadside just before the summit [risking hypothermia into the bargain] and we ran back into menston as a team just as the rain began to clear! We tucked into soup, pizza, apple crumble & custard [now I began to remember what a great idea these runs were] a real treat.

Thanks for your efforts jess & helen see you next year!!

third souper run from Allan Jones's pub

An excellent turn out on a beautiful morning, ten members turned out for a delightful run through the field paths of Coley and its environs. We even met Allan Greenwood along the way, once he heard about the soup he stuck with us!! Brian did a good job navigating us all safely back to the windmill, where we all enjoyed a pint with our bread and soup.

Thanks to Allan for his kind hospitality.

fourth souper run from Rod's

Raw end certainly lived up to it's reputation for this last souper run of the current series. The wind was howling as Rod led us off down the field paths into the Luddenden valley and thence onto Midgley Moor. We all huddled behind the wall whilst Rod did his best to convince us that the race route around the moor was only 5 miles! At least at this point it was still fine!

We ran out to Crow Hill Nook, where it started to rain with a vengeance, the rain was cold and horizontal, on to sheepstones, where we examined the results of our new year painting expedition [what paint?] Looks like a repaint one balmy summers evening!!

Now, at least, we were sideways on to the gale and as we dropped back into the valley where we were fairly blown along!! We yomped back across the moor through the deep heather [courtesy of Geoff] and thankfully back into the shelter of the valley. The climb back up to Rod's seemed a long way but it certainly proved to be worth it.

Maria had prepared us a great snack which soon disappeared, and for which we were all most grateful,

Thanks to Rod and Maria for a great morning!!

The souper runs I think have proved most successful, particularly for those who turned up!! I hope to resurrect them this autumn

and trust that more club members will make the effort to attend. The accent is on "social Running" and is meant to suit all abilities

See you there Pete.

The Oakworth Souper Run (January 9th 2000)

Twelve to fifteen people turned out for the first in the series of souper runs accompanied by their coughs, colds and chest infections – a good start to the millennium. A great day provided some nice views of the Haworth countryside and good running across moorland to Keighley Moor reservoir then down into the Ponden Mill valley and up the other side. Here the group split into those who felt they needed a few extra miles, and those who were anticipating some good fayre. So the fitter ones went to Penistone Hill (don't you ever get bored of that place?) and the sensible ones went home via fields and lots of stiles with plenty of dogs to keep us running. Soup, pizza (Jez and Helen), sandwiches, mulled wine (Ian Law) and quiche (we don't have real men in the club) satisfied the appetite. A good few hours out which is to be recommended. Have another series next year – it gets you out on those cold winter's Sundays and you feel much better for it. But a few more people are needed to support these ventures!

Charlotte Roberts

AULD LANG SYNE FELL RACE (THE LAST RACE OF THE MILLENNIUM!)

January 31st 1999 saw the last running of the Auld Lang Syne fell race for the 2nd millennium. A very impressive field 537 runners (86 of which were ladies) took part in this event which starts and finishes at Penistone Hill near Haworth, Keighley and takes in the summit of Oxenhope Stoop. The race is usually well attended as it is always held on New Years Eve and gives runners a good excuse to over indulge themselves over the evenings festivities.

The weather was cool but not too cool for the runners taking part, though spectators were well advised to wrap up! Conditions under foot were muddy due to recent heavy rain falls so the course was a bit of a bog trot!

Ian Holmes of Bingley won the race in a time of 35-07, incidently he has won the race ever year since it began, a remarkable achievement. The first lady home was Lucy Wright of Leeds City in a time of 42-22 and 50th position overall. The first home for Calder Valley was Dave Hyde (V40) in a time of 45-46, Greame Woodward finished second for the club in a time of 47-42, he was closely followed home by John Murry in a time of 48-00 exactly. Other finishes for the club were (in order); Richard Allen; John Simpson; Steven Coey; Rod Suttcliffe; Gerry Symes (V50); Frank Mallinson; Richard Henderson; Jez Wilkinson; Stuart Gardner; Ian Law; Tony Bradley; Peter White; Thirza Hyde (FV40); Paul Frachette; Mick Banks; Helen Wilkinson & Charlotte Roberts. 5 people retired from the race.

Subject: Chew Valley Skyline

Race report.

10 hardy souls from CVFR's took the plunge on this one off race. The race was run in memory of Frank Sykes who was the original organiser. He had intended to run this the 21st race but unfortunately died last year.

There are many legends connected with this race, like the need for shin pads to protect you from the skin of ice that forms on the bogs or the risky route choice straight across the ice of Chew Reservoir or the secret gullies that knock a couple of minutes off or the bogs that swallow groups of unwary Fell runners. It has a reputation!

Alas the day dawned fine with cold NW winds and patchy cloud. There was a dusting of snow and frost. The going was described as firm despite recent heavy rain.

The route is a classic including fast tracks, steep climbs and miles of energy sapping peat bog. Well that is what it felt like. The weather was kind and navigation not a problem.

The legends proved not to exist today and we all got round safely. It was an excellent day and a great race.

Mike Wardle.

BOULSWORTH HILL RACE

Saturday 15th January saw 156 runners gather at The Herders Arms on the road between Haworth and Colne to compete in the Boulsworth Hill Fell Race, a race that is organised by Calder Valley Fell Runners. One St. Bedes runner was heard to say "you get a lot of fell race for your money!" and indeed the course itself follows very few actual paths crossing much open moor- land on it's way to the summit of Boulsworth Hill (Actually called Lad Law). The return follows the Yorkshire, Lancashire border north for about 1/3rd of a mile before it heads back to pick-up the outward bound route to take runners back to the finish and the final sting in the tail. This sting is in the form of a near vertical climb up a grass covered muddy hillside of about 100ft in height, before a sprint up the final 150Yds to the finish (if your legs haven't died on you!).

The race covers 6.5miles & 1200ft of ascent and was won by Pudsey & Bramley's Gary Devine in a time of 50:43 (some 5 minutes slower than the course record). Second place on the day went to local runner Karl Smith of Todmorden Harriers in a time of 51:19 and the first lady home was Helen Johnson of Bingley Harriers In a time of 57:45 Placing her 29th overall! First Calder Valley home was Andy Clarke in a time 54:56 placing him in 15th overall. Other Valley finishes were:-

D. Hyde 59:29, R. Allen 62:26, J. Wilkinson 62:56, C. Greenwood 63:32, G. Woodward 63:36, S. Birtwell 63:56 A. Carnochan 64:09, S. Coey 65: 25, F. Mallinson 66:08, I. Law 66:58, P. Freachette 69:47, T. Hyde (2nd Lady V40 on the day) 71:20, H. Wilkinson 73:51, S. Cavell 79:07.

Entries are now due for the second race organised by Calder Valley Fell Runners, "The Beast" or Wadsworth Trog. This race is a very demanding one, covering over 20 miles of mainly moor-land running with a lot of navigation required, especially if it is misty (which it usually is!). It Starts at Old Town Cricket Club on 19th February at 10.00 am. Entries should be in by the 11th February 2000 and there is a limit of 200 runners. Details are available from J. Wilkinson, 4 Beech Grove, Menston, Ilkley. Entry fee is £5.00 (inc refreshments).

NEW!

MIDGLEY MOOR FELL RACE

5 miles, 1250 feet

Saturday 25 March 2000, 12 noon

From Booth Cricket Club, Booth, Halifax (GR 040271)

NTR = No Time Recorded

We were fortunate to have a reasonable, dry day sandwiched between the more usual wet & windy ones. Conditions underfoot though were pretty grim, being wet and very muddy resulting in generally slower leg times.

We reached our maximum entry of 60 teams although one team, an army one from Norfolk, failed to show. This left 59 teams to battle it out for the honours. A battle it proved to be, with the lead changing hands several times. Todmorden were the early leaders and were consistent throughout the 6 legs. Pudsey & Bramley and Clayton were also contenders although Horwich proved to be stronger overall taking the lead on the tough final leg. Congratulations to Horwich who have supported this event since its inception, we were pleased as organisers to see them coming through to take the honours at last.

Congratulations to all the other category winners.

We only had one case of short cutting this year which is a credit to the 700+ runners taking part. Credit also to Alan Duncan of Bowland Fell Runners who called to apologize for their perfectly innocent short cut on leg 4.

Two teams were not recorded through leg 1 but finished leg 2, it is important that you ensure that your details are recorded when you finish. It is especially important on leg 1 as teams are coming thick and fast and it is difficult for the marshals see everybody.

Many thanks to Pete Bland Sports, Brian McKenna at VNNER and to all the many band of helpers from Rosendale Hamlets. Finally to all the teams who once again enjoyed a great day out on the Rosendale Way.

Graham Wright

(Publicity Officer for Calder Valley Fell Runners)

Calder Valley Tackles Rivoek Edge

Calder Valley Fell Runners turned out in good numbers to take part in the 9th running of the Rivoek Edge fell race on the 28th November. The race starts at Silsden, between Skipton & Keighley. It traverses the southern end of the famous Ilkley Moor. Reasonably warm weather for the time of year meant that most runners went *bar, tat!*

The course is a fast one, something more like a cross-country than a true fell race, but it is quite a long one, over 10 miles in length & 1500 feet of climbing. This makes it a great test for a runners stanima.

The race attracted 194 runners & raised over £3,000 pounds for local charities. It is organised by Keighley & Craven running club & is extremely well marshalled & flagged so that getting lost is not a problem at this race.

The race was won by Paul Sheard of Pudsey & Bramley in a time of 64:06. With Andy Clarke of Calder Valley finishing in a worthy 27th place overall in a time of 72:06. A notable performance for the club was that of Brian Horsley a veteran fell runner over 45 years, finishing in 47th overall in a time of 76:00.

Pudsey & Bramley also took the team prize. The 1st lady home was Jo Prowse of Keighley & Craven who in last years race ended up in hospital after taking a fall on the only rocky part of the course. Sean Willis & Karl Smith came in 2nd & 3rd places respectfully for rival club Todmorden Harriers, well done lads!

Calder Valley finishes were:- Andy Clarke 72:06, Wayne Brown 74:10, Brian Horsley 76:00, Carl Greenwood 80:46, Richard Allen 82:53, Greame Woodward 83:45, Richard Henderson 84:53, Stewart Gardner 89:01, Pete White 90:40, Graham Spencer 93:18, Adam Baker 94:00, Mick Banks 94:55 & Charlotte Roberts 103:13.

Calder Valley meet at Mytholmroyd Community Centre on Tuesday evenings at 7 o'clock for runs of between 8 & 12 miles, if you require more information call Carl Greenwood on (01422)886587.
